

# Welcome to Empire State Pizza & Dogs

## Empire State's Core Commitments:

- ✓ Pizza and bread dough is made fresh daily
- ✓ Use only the finest and freshest ingredients available at all costs. Grande cheese and Stanislaus tomato products. We will grow it if we can't buy it.
- ✓ This is a family business in a neighborhood we care about. Our guests are the reason we are here, they will leave happy and satisfied with their experience.

## About our Pizza and Calzones

Our signature dough is made through a painstaking 24 hour process that starts with a proprietary mixture of two exclusive flours mixed with Extra Virgin Olive Oil, activated Italian yeast and other fresh ingredients. The dough is mixed, hand formed and proofed for at least 24 hours before it is hand tossed and topped with the finest cheese and toppings available and slid into a scorching 550 degree stone oven. Every item is made to order and takes a little longer. We hope you'll believe it is worth the wait.

- American Express, Checks, Discover, MasterCard and Visa gladly accepted. We cannot do debit.
- We will gladly separate checks, please let your server know when ordering.
- An eighteen percent gratuity will be added to parties of eight or more.
- The combinations of toppings on Pizzas and Calzones are meant to provide a specific experience and we stand behind these selections. Additions and subtractions to these *Signature* dishes are allowed and welcomed but are done so with a possible change in price and warranty.
